KYOTO COLLECTION

Elegant and refined as only Japanese art can be, the new Kyoto collection is a tribute to an ancient and precious iconography, inspired by Japanese typical tradition, nature and spirituality.

Kyoto includes five different models:

- Higasa** in merino wool and with all the charm of the iconography of traditional fans and umbrellas used by Japanese women;
- Zen**, in merino wool and with all the spirituality of the Zen sand gardens;
- Teien**, in luxury pride and silk, is inspired by the checkered gardens of Tofukuji temple in Kyoto;
- Ginkgo**, in merino wool and silk, is dedicated to ginkgo trees that survived the Hiroshima atomic bomb, becoming a symbol of hope and rebirth;
- Bambù**, in merino wool and silk. Images born from the study of ancient Japanese paintings made with ink on canvas above all those that have bamboo leaves as their subject.

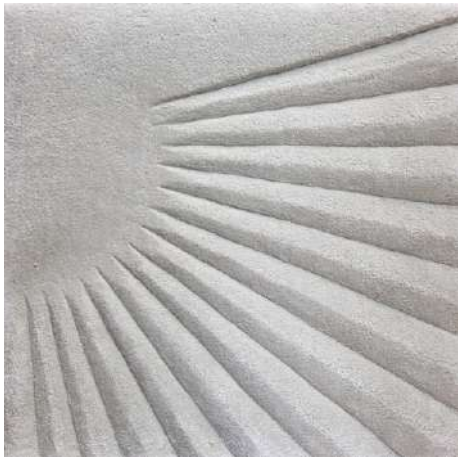

Small works of art that enrich any environment, from residential to hospitality, from retail to yachting, giving a truly unique touch...

Elegante e raffinata come solo l'arte giapponese sa essere, la nuova collezione Kyoto è un omaggio ad un'iconografia antica e preziosa, ispirata dalla tradizione, dalla natura e dalla spiritualità tipiche del Giappone.

Kyoto include cinque diversi modelli:

- Higasa**, in lana merino, con tutto il fascino dell'iconografia di ventagli e ombrelli tradizionali usati dalle donne giapponesi;
- Zen**, in lana merino, dove ritroviamo tutta la spiritualità dei giardini di sabbia zen;
- Teien**, in lana e seta, si rifà alle geometrie dei giardini a scacchi del tempio Tofukuji a Kyoto;
- Ginkgo**, in lana merino e seta, è ispirato agli alberi di ginkgo sopravvissuti alla bomba di Hiroshima, diventando così simbolo di speranza e rinascita;
- Bambù**, in lana merino e seta. Immagini nate studiando gli antichi dipinti giapponesi fatti con inchiostro su tela, in particolare quelli che hanno come soggetto le foglie di bambù.

Piccole opere d'arte in grado di arricchire qualsiasi ambiente, dal residential all'hospitality, dal retail allo yachting, conferendo un tocco davvero unico...
