Moroccan inspired carpet collection

Design creates culture.
Culture shapes values.
Values determine the future.

COLLECTION

Marrakech Collection was born taking inspiration from **Moroccan's Berber carpets** and with the aim to describe an old story in a contemporary way.

The tradition of berber carpet weaving has been handed down from mother to daughter for millennia, telling unique tribe's stories. Each rural village has its own **narration made of lines, models and colors** that recall the past.

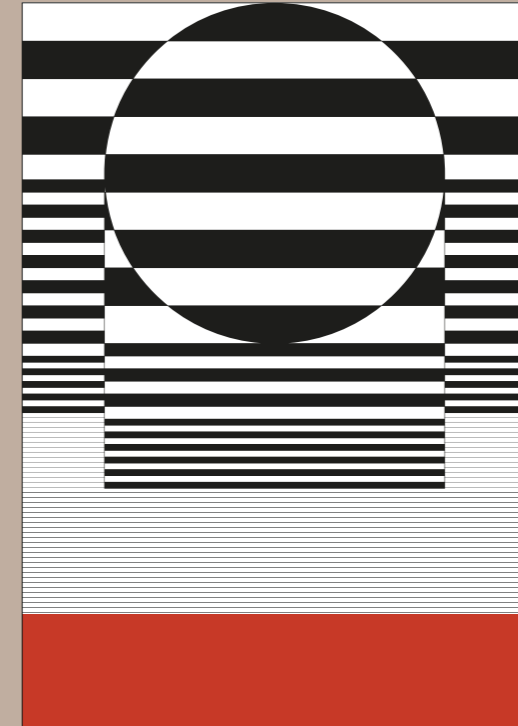

Therefore, the beauty of these carpets has to be found not only in their appearance but especially in **the stories they tell**.

Through the inspiration of the desert, the burnt sand, the intense colors and tents enriched with handmade carpets, the Marrakech Collection wants to evoke **this precious tradition**.
