

japanese tradition inspired carpet collection

Elegant and refined as only Japanese art can be, the new Kyoto collection is a tribute to an ancient and precious iconography, inspired by Japanese typical tradition, nature and spirituality.

Kyoto includes five different models:

Higasa, in merino wool and with all the charm of the iconography of traditional fans and umbrellas used by Japanese women;

Zen, in merino wool and with all the spirituality of the Zen sand gardens;

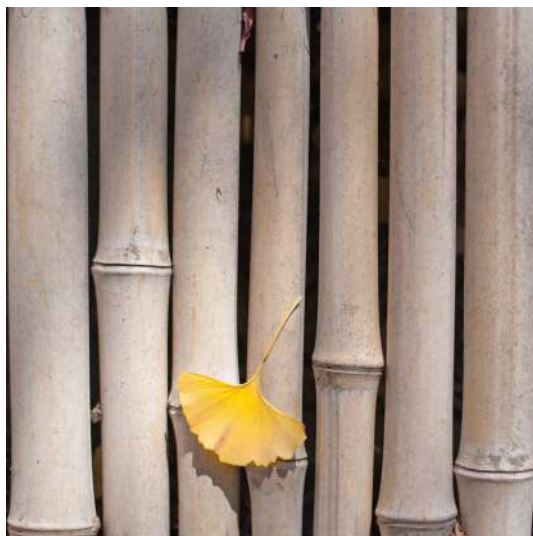

Teien, in luxury pride and silk, is inspired by the checkered gardens of Tofukuji temple in Kyoto;

Ginkgo, in merino wool and silk, is dedicated to ginkgo trees that survived the Hiroshima atomic bomb, becoming a symbol of hope and rebirth;

Bambù, in merino wool and silk. Images born from the study of ancient Japanese paintings made with ink on canvas above all those that have bamboo leaves as their subject.

Small works of art that enrich any environment, from residential to hospitality, from retail to yachting, giving a truly unique touch.

The *delicacy and geometry* of Japan.
